

Town of North Reading
Massachusetts

Department of Public Works

NOTICE

WATER SYSTEM MAINTENANCE

As part of the ongoing maintenance of the water system, the North Reading Water Department will be installing additional gate valves on Central Street. This work will require the temporary interruption of water service in a section of Central Street.

The water will be shut off at approximately 9:00 p.m. on Monday, December 22nd. If you receive this notice, please make preparations to be without water starting at that time. The work will be performed as quickly as is possible, and full service should be restored early on Tuesday morning.

Residents may experience a brief period of rusty or "milky" water once service is restored. If problems persist, please contact the Water Department at (978) 664-6060.

We apologize for any inconvenience this may cause and we thank you in advance for your patience during this work.
